RE: 23 Valley View Road- New House Construction

To Whom it May Concern:

Please accept this as a request for a further extension of 6 months to obtain a building permit to build new house from August 10, 2022 to February 10, 2023. And we need 12 to 18 months to complete the construction. As of August 1, 2022 we are able to submit an application for Architecture Review Board. We are planning to finish the project by August 1, 2024.

The reason for this further extension relates to changing ownership for this property. And now, as new owner request, we are continuing with this project and would like to start as soon as possible.

This request has been made prior to the deadline and it is my understanding that no hearing is required, however I am available to be heard and answer any questions of the Board with regard to this request. Thank you for this anticipated immediate attention and consideration.

Respectfully Submitted

Edward W. Dickman
